Participants and Guests
\$79 for Non-Paranet Member
Company Participants

We Will Cover the Six Key Components of EOS®:

- 1 Vision:** creating and gaining alignment from the team on a vision for the business
- 2 People:** constructing the best team possible—*having the right people in the right seats*
- 3 Data:** choosing the right metrics to measure the health of the business
- 4 Issues:** identify, discuss, and solve problems effectively as a team
- 5 Process:** establishing and following a documented process—*having a roadmap*
- 6 Traction®:** executing what is most important to the business

Who Should Attend This Event?

Operations Leaders at all levels, Company Presidents, and Manufacturing Business Executives
