CONTRIBUTORS:

Phil Heston is Vice President at Alter Trading in Milwaukee, the largest independent scrap processor in the Midwest. He manages the foundry as well as steel mill raw material needs. Phil has gained a reputation as a trusted source for the most up-to-date information on commodities, mill time, and price direction.

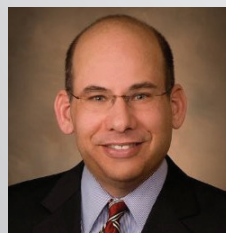

Curt Hoffmann is a Senior Architect, Practice Area Leader - Industrial at GRAEF, a multi-discipline engineering, planning, and design firm dedicated to serving public and private clients throughout the US. Curt's specialties include: industrial and corporate facility design, lean manufacturing analysis, building programming, and layout.

Mark Alan is Senior Vice President of Product Management and Development at Inpro Corporation and is a Certified LEED Green Associate. InPro Corporation is the nation's premier manufacturer of building products that are used in the hospital/healthcare, senior living, education, government, hospitality and commercial sectors.

Eric Kraus is Director of Automation at Cedarburg-based Doig Corporation, a distributor of motion control, sensors, vision, machine safeguarding, and pneumatic products. Doig offers engineering assistance on factory automation projects and developing systems integration solutions.

Mark Goldstein is an Attorney and the Owner of Milwaukee-based Goldstein Law Group, S.C. which focuses on management side labor and employment law, business litigation, and implementing best practices.

Jim Winistorfer is President and Head Coach at Doig Corporation.
