Building + Using a Lean Accounting Box Score

with Special Guest Speaker, Nick Katko

Tuesday, October 19 | 8:30-11:30 am | Interactive Zoom Meeting

Join us for this highly educational, interactive online workshop! Participants will develop the skills to create a box score, learn how to apply a box score for business decision making, and develop a deeper understanding of the relationships between operating performance, capacity performance and financial performance in Lean companies.

This event will feature several trainings and exercises:

Training Sessions:

- Box score review
- Lean decision making
- Standard costing and decision making

Exercises:

- Calculating value stream capacity
- Creating a value stream income statement
- Lean decision making
- Comparing standard costing and Lean decision making

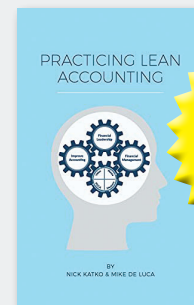

Who Should Attend This Event:

COO's, Controllers, Senior Operations Managers, and Senior Process Improvement Managers
