The 5-D Leader Development Program Process:

The 5-D Leader Development Program kicks off with an engaging webinar designed to provide participants and their sponsor an overview of LeaderPRO. We keep it easy and accessible.

- Participants will be given program completion requirements along with a workshop calendar
- Courses will be conducted in classrooms at The Paranet Group headquarters. Some courses will be delivered in an eLearning format
- Participants will be assigned to a small peer group (4-5 peers) facilitated by an expert group coach. The peer group meets monthly to reinforce learning, network with like members, and receive confidential support and advice.
- Each participant will meet with their peer group coach for two one-on-one sessions to solidify program outcomes.
- Participant sponsors will be included in the learning experience through one-on-one sessions with the peer group coach to align the participant's developmental goals.
